The Pure H2O Company USA

Quatreau Tap nominated by Better Homes and Gardens for second consecutive year

Sarasota, Fl, November 29, 2017- The Quatreau Tap has been nominated for Better Homes and Gardens annual "30 Most Innovative Products" award. This is the second nomination for the company who was named one of Better Homes and Gardens "30 Most Innovative Products of 2017". The nomination for the new Smart Tap comes just months after it's launch. Winners will be featured in the Beautiful Kitchen & Baths special edition in March.

The company, who is very well established in the UK, has seen substantial growth in their first year of launching in the US.

"We pride ourselves in the quality of our water first and foremost, but clearly consumers like the innovative features and convenience of instant boiling, chilled and sparkling with just a touch from their tap. We are excited to introduce new product lines for the consumer and commercial kitchens and have even broken into the marine market as well", says President John Roddam.

The company has fitted units on some of the world's most prestigious yachts such as the Mia Elise II and Elfje.

ABOUT THE PURE H2O COMPANY USA: The team behind The Pure H2O Company USA have applied form and function with the Quatreau Tap product line. It is this ability to deliver solutions that has placed The Pure H2O Company USA at the forefront of many pioneering developments in the use and consumption of water.
